

New aspects of the Hadron and Astro/Nuclear Physics

Tuesday, 6 November 2018

Hadron Physics I (09:50 - 11:10)

time	[id] title	presenter
09:50	[25] Yc-N dibaryon resonances in the phenomenological potential model	Prof. OKA, Makoto
10:30	[18] Monopoles and Confinement: new results and state of the art.	Prof. DI GIACOMO, Adriano

Hadron Physics I (11:30 - 12:10)

time	[id] title	presenter
11:30	[19] Skyrmions and Kaon-Nucleon interactions	Prof. HOSAKA, Atsushi
