

4 BK21 3

Monday, 6 February 2023

_____ (14:15 - 15:15)

-Conveners:

time	[id] title	presenter
14:15	[25] In-operando measurements for frictional heat analysis	□□□
14:30	[26] Peeled off PDMS for enhanced triboelectric effect and understanding the role of material transfer in contact electrification	□□□
14:45	[27] On the origin of enhanced power output in ferroelectric polymer-based triboelectric nanogenerators: role of dipole charge versus piezoelectric charge	□□□
15:00	[28] DC TENG & Measurement of heat distribution between friction surface	□□□
